VIRGIN ISLAND NATIONAL PARK

VISITOR USE REPORTING AND COUNTING INSTRUCTIONS

Following are detailed instructions for collecting data and estimating visitor use statistics for **Virgin Island National Park**. These instructions are effective the date of issuance and will continue in effect unless changed by agreement between the NPS Social Science Program and the Park Superintendent.

Recreation Visits

1. The number of registered guests at Caneel Bay Resort.

2. The number of visitors on the beach at Trunk Bay.

3. The number of visitors coming off tours at Trunk Bay.

4. The number of visitors to Hawksnest Beach is estimated as 20 percent of the total visitors to Trunk Bay. This is the subtotal of 2 and 3 above.

5. The number of visitors to Cinnamon Bay Beach is estimated as 15 percent of the total overnight stays at Cinnamon Bay Campground and Cinnamon Bay cabin rentals.

6. The number of visitors to the unguarded beaches in the park is estimated as 20 percent of the total visitors to Trunk Bay. This is the subtotal of 2 and 3 above.

7. Visitors taking permanent land tours are estimated as 20 percent of the Trunk Bay Tour visitors from Trunk Bay tour passengers.

8. The number of visitors by boat at Northshore is determined by dividing the number of boats counted (from ranger logs) by the number of counts made. The average number of boats per count is multiplied by the number of days in the reporting month. The estimated number of boats is increased by 25 percent to account for boats missed (before and after hours). The total boat count is multiplied by the PPB multiplier of five. Ninety percent of these visitors are recreation use.

9. The number of visitors by boat at Southshore is determined by dividing the number of boats counted (from ranger logs) by the number of counts made. The average number of boats per count is multiplied by the number of days in the reporting month. The estimated number of boats is increased by 25 percent to account for boats missed (before and after hours). The total boat count is multiplied by the PPB multiplier of five. Ninety percent of these visitors are recreation use.

10. The number of visitors at the National Park Center.

11. The Day Use visitors for Internal Business Permits (IBP's).

Non-Recreation Visits

1. Ten percent of the boat visitors at Northshore and Southshore in 8 and 9 above are non-recreation

use.

2. Non-recreation use at Northshore Road is estimated as fifteen thousand (15,000) visitors per month. This number is reported by U.S. Immigrations.

3. The number of passengers on Tortola Ferries that enter park waters.

Recreation Visitor Hours

The total number of recreation visitors is multiplied by 6.15 hours.

Non-Recreation Visitor Hours

1. The Northshore and Southshore boat use is multiplied by six hours.

2. The Northshore Road use is multiplied by fifteen minutes.

3. The Ferry use is multiplied by fifteen minutes.

Overnight Stays

Concessioner Lodging - Cinnamon Bay Cabins

The number of visitors staying overnight as reported by the concessioner.

Concessioner Campgrounds - Cinnamon Bay Concessioner Campground

The number of visitors staying overnight as reported by the concessioner at the tent sites, bare sites, and group sites.

NPS Miscellaneous -

The number of overnight stays by boat campers at Northshore and Southshore as estimated in 8 and 9 under recreation visits.

Non-recreation Overnight Stays

Ten percent of the boat use at Northshore and Southshore is estimated as non-recreation overnight stays.
